

# Prepare for Finals

- Attend all final classes
- Meet with your professor
- Schedule regular study periods
- Be realistic
- Establish a regular study place
- Study in short periods and often
- Start study sessions on time
- Study when you are most alert and awake
- Set a specific goal for each subject you study
- Start assignments as soon as they are given
- Review your notes regularly
- Take regular study breaks
- Vary your work when studying
- Study your most difficult subjects first
- Keep on top of your work
- Reward yourself for reaching your goals
