It is available on-line at <http://www.medaille.edu/current-students/public-safety/annual-security-and-fire-reports> and each member of the Medaille College community receives an email annually that describes the report and provides its web address. The report is also made available to prospective students and employees.

Medaille College Geography

The Rochester Campus of Medaille College is located at 1880 S. Winton Rd., Suite 1 Rochester, NY 14618. *The Rochester Campus does not have any on-campus housing or non-campus properties*

ABOUT THE DEPARTMENT OF CAMPUS PUBLIC SAFETY

The Medaille College Campus Public Safety Department shall provide a safe and secure campus environment for a diverse community of students, faculty, staff and visitors while maintaining and encouraging an atmosphere of learning. This shall be accomplished by establishing a liaison and partnership with all segments of the campus community. Lines of communication will be set up with all student and faculty associations, internal campus departments as well as outside community groups, organizations and neighborhood associations. It will be the primary responsibility of the Campus Public Safety Department to work proactively with the students, faculty and staff to identify report, reduce and remove the opportunity of crime and criminal activity before it should occur.

The Medaille College Campus Public Safety Department, located at 2 Agassiz Circle, is open 24 hours a day providing around-the-clock services to the campus community. Officers are on duty 24 hours a day, seven (7) days a week, 365 days a year. The office aids in enforcement of federal, state, and local statutes and Medaille College Policies and Regulations.

All Medaille College Public Safety officers complete a New York State Peace Officer Equivalency Training Course and are AED/CPR certified. However, they do not have law enforcement arrest powers; they have the same arrest powers and authority as that of an average citizen. Under the New York State Penal law, every citizen has a right to make an arrest for a criminal offense without a warrant if the arrested person has committed a felony in his/her presence or if the arrested person has committed a felony offense outside the presence of the officer, but the arresting person has reasonable cause to believe that a felony has been committed.

Medaille College has submitted a Memorandum of Understanding with the Brighton Police Department. This agency has primary responsibility and jurisdiction, to investigate crimes and respond to emergencies, on the Medaille College Campus. The Public Safety Department maintains a close working relationship with all local law enforcement agencies, all College and School Security, Safety and University Police agencies in Western New York. A copy of this Memorandum of understanding is kept on file in the Public Safety Office.

We have assisted in the establishment of a Western New York Coalition of University and College Law Enforcement Professionals in the greater Buffalo and Rochester communities. Regular meetings are held to exchange information, enhance communication, provide training and assist each other with the development of proactive approaches to crime and criminal activity.

The primary objective of the Public Safety Department is to encourage a safe and healthy experience that enhances the campus learning experience and complements the College's educational mission. The Public Safety Department provides support services tailored to meet the needs of the College Community and advocates a law enforcement, security and emergency response for crimes on campus.

Some of the services we offer are:

1. Issue school IDs for all students, faculty and staff
2. Register and provide parking permits for students, faculty and staff
3. Monitor security and safety systems in all campus buildings and facilities
4. Provide OSHA safety inspections for all campuses
5. Maintain key maintenance and control for entire college
6. Schedule and provide transportation for campus activities
7. Establish and implement Emergency Notification Systems
8. Patrol all campus buildings, grounds and facilities

9. Investigate all violations of law and school policies
10. Investigate minor motor vehicle accidents and minor vehicle problems
11. Test and maintain all security and fire-prevention equipment and alarms
12. Inspect buildings for safety compliance
13. Maintain a lost-and-found department

To reach the Public Safety Department from off-campus or from a cell phone, dial (716) 880 – 2911. From an on-campus networked phone dial, extension 2911 to reach Public Safety.

They are encouraged to report any Clery Crimes reported to them immediately to Public Safety. The Crime Collection form is distributed annually and available online here: <http://www.medaille.edu/sites/default/files/u1716/Clery%20letter%20to%20College%20Security%20Officials%20for%20WEBSITE.pdf> as well as on the CSA training site.

CRIME REPORTING PROCEDURES/POLICY

Medaille College strives to maintain a safe campus and relies on all members of the campus community to do their part to keep our campus safe. Medaille College encourages accurate and prompt reporting of all suspected criminal activity to the Public Safety Department. Public Safety communicates with local law enforcement when the need arises.

Any member of the campus community – faculty, student, staff, and trustees – who observes criminal activity on the Medaille Buffalo campus or at any off-campus instructional or athletic site is expected to report such conduct promptly to the police and to campus Public Safety. Criminal activity includes, but is not necessarily limited to: physical assault, including sexual assault and abuse, burglary, robbery, arson, unauthorized display or use of a dangerous weapon, and the illegal distribution or manufacture of controlled substances.

If you observe a crime, immediately contact the Medaille College Public Safety Department at 716.880.2911 and follow their directives. In case of an emergency during off-site athletic practices or games, students are to report to the attending Public Safety Officer.

In addition, there are occasions when minors (persons under 18 years of age) are on the Medaille College campus or involved in college events. Any person, who observes the sexual abuse of a minor or has reasonable suspicion of such abuse, should immediately notify Medaille College Public Safety and the local police authorities (call 911). A call may also be placed to the NYS Child Abuse Hotline at 1.800.342.3720.

The prompt reporting of criminal activity is essential to securing a safe campus environment for all persons, including guests and members of the public. No one is exempt from the expectation of law-abiding behavior. There shall not be any form of retaliation within the Medaille College community against any person making a good faith report of suspected criminal activity.

If you wish to voluntarily report a crime confidentially you may do so via a counselor or pastor at the Medaille College Counseling Center at 716.880.2339. These reports will be included confidentially as part of the statistical disclosure to the Department of Education but will remain confidential. Professional counseling or pastoral staff will maintain confidentiality unless there is a court order or a life threatening situation.

All felony offenses reported to the College and/or Public Safety, occurring on campus, at a College sponsored event or on College owned/controlled property, will be reported to the Buffalo Police for further investigation.

Individuals to whom students and employees should report criminal offenses: The Department of Public Safety, 2 Agassiz Circle, Buffalo, NY 14214, (716) 880-2911.

Timely Warning for Reported Crimes

In an effort to provide timely notice to the Medaille College community, and in the event of a serious incident which may pose an on-going threat to members of the Medaille College community, a Safety Alert is sent to all students and employees. The alerts are generally written and distributed, via campus email, by the Director of Public Safety and Vice President of Business and Finance. In addition to the campus email system, notices will be posted on the college's website, bulletin boards in strategic locations around campus and/or sent via the college's emergency notification system (text and/or PA system). Incidents of aggravated assault and sex offense cases are considered on a case by case basis, depending on the facts of the case and whether there is a continuing danger to the campus community. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to the Medaille College community members and a Safety Alert would not be distributed. The Director of Public Safety or designee, in consultation with appropriate

campus personnel, reviews all reports to determine if there is an on-going threat to the community and if the distribution of a Safety Alert is warranted. Safety Alerts may also be issued for other crime classifications, as deemed necessary.

SECURITY OF AND ACCESS TO CAMPUS FACILITIES

Medaille College facilities are available for use by students, employees, alumni, invited visitors and those having direct business with the college. Renters who have made the appropriate arrangements to use college facilities may do so during the approved hours and using approved procedures for doing so. Medaille College academic and student services buildings are open Monday through Friday with limited access on weekends. After hours buildings are locked and secured and only accessible by authorized personnel.

Security and college officials maintain the authority to ask those on college property for proper identification and to escort unwanted visitors off campus property and if needed refer to the Brighton Police for possible arrest for criminal trespass.

CRIME PREVENTION AND SECURITY AWARENESS PROGRAMS

Medaille College engages in comprehensive, intentional, and integrated crime prevention programming, initiatives, strategies, and campaigns intended to prevent criminal activity and foster a safe and secure learning environment for our students, employees, and visitors. Educational programming consists of primary crime prevention and crime awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees.

Crime Prevention Orientation for New Students

Crime Prevention Awareness Bulletins from Public Safety are sent periodically to the entire Medaille community (students, faculty and staff) via email and other publications, including, but not limited to the school newspaper.

Crime Prevention Measures

Most on-campus crime can be prevented if rules are followed and common sense safety tips are observed. The college is extremely committed to maintaining safe and secure working, learning and studying environments for all members of the college community. Members of the college community can assist this effort by adhering to the following safety tips and other common sense rules:

- Travel with a companion whenever possible.
- Use the escort service provided by our Public Safety Officers. Request an escort from the officer on duty.
- Never lend your cell phone to a stranger.
- Follow parking regulations. Park in lighted areas of the parking lots if you will be leaving class after dark.
- Keep your gas tank full.
- Store items in the trunk of your car. Do not keep items in plain view.
- Always lock your car, when you are in it and out of it.
- Have your keys ready when you go to unlock your car. Be sure no one is inside your car as you enter.
- Never hitchhike or pick up hitchhikers.
- Drive to a police station, fire station or other very public place if you think a person is following you.

- When on an elevator stay near the controls. Push every button at the first sense of an attack.
- Stay near the street when walking. Stay away from bushes, shrubs and buildings. Walk confidently and look like you know where you are going. A good defense is to look and act confident.
- Do not ride with someone you do not know.
- When riding public transportation sit near the front, if possible and be familiar with the schedule to avoid long waits. Choose an occupied subway car if possible when riding the subway.
- Tell your friends where you are going and when you expect to return.
- Report all suspicious persons seen on campus to: Campus Public Safety 716.880.2911 and/or Brighton Police 911
- Carry a noise maker (whistle or other device) when out after dark.
- The Director of Public Safety also distributes a security report to the college community via school newspaper or other means of distribution summarizing campus security issues and/or responses to calls on campus, along with safety tips for the college community.

Public Safety Officers conduct comprehensive surveys of exterior lighting, exterior doors and grounds. Officers consistently survey buildings for any maintenance issue which may cause a security or safety hazard. Such concerns are reported without delay to the Facilities department.

SEXUAL OFFENSES, SEXUAL ASSAULT and SEXUAL HARASSMENT

Medaille College does not discriminate on the basis of sex in its educational programs. Sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, Medaille College issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a College official. In this context, Medaille College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

Sexual assault/harassment is illegal under both federal and state law and is also a form of sex discrimination which is also illegal under federal laws Title VII (employees) and Title IX (students) and the New York State Human Rights Law. Both, harassment or discrimination, may involve unwelcome sexual advances, requests for sexual favors, and other verbal/non-verbal or physical contact of a sexual nature such as sexual assault or acts of sexual violence. The Title IX coordinator may be reached at titleIX@medaille.edu or 716.880.2119.

Sex discrimination in the form of harassment on the basis of sex includes unwelcome sexual advances, sexual violence, requests for sexual favors and other verbal or physical conduct of a similar nature when:

Submission to such conduct is explicitly or implicitly a term or condition of an individual's education or employment.

Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting the individual.

Such conduct has the purpose or effect of substantially interfering with an individual's performance or creating an intimidating, hostile, or offensive educational or working environment.

Conducted in a manner that:

- Is consistent with the institution's policies and transparent to the accuser and accused;
- Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
- Provides timely and equal access to the accuser, the accused, and appropriate officials to any information that will be used during informal and formal disciplinary meetings and hearings; and

Only sworn or commissioned law enforcement personnel may "unfound" a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not "unfound" a crime report.

Affirmative Consent Policy

This policy applies to all Medaille faculty, staff, and students of Medaille College.

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

1. Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
2. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
3. Consent may be initially given but withdrawn at any time.
4. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
5. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
6. When consent is withdrawn or can no longer be given, sexual activity must stop.

Policy for Alcohol and/or Drug Use Amnesty in Sexual and Interpersonal Violence Cases

The health and safety of every student at Medaille College is of utmost importance. Medaille College recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct.

Medaille College strongly encourages students to report incidents of domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to Medaille College officials or law enforcement will not be subject to Medaille College code of conduct action for violations of

alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

Victim's Bill of Rights for Students and Employees

Medaille College is committed to providing options, support and assistance to victims/survivors of sexual assault, domestic violence, dating violence, and/or stalking to ensure that they can continue to participate in College-wide and campus programs, activities, and employment. All victims/survivors of these crimes and violations, regardless of race, color, national origin, religion, creed, age, disability, sex, gender identity or expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction, have the following rights, regardless of whether the crime or violation occurs on campus, off campus, or while studying abroad:

All students have the right to:

1. Make a report to local law enforcement and/or state police;

Procedures for Reporting a Complaint

Medaille College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Medaille College will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the Campus Public Safety or the Brighton Police Department. Students and employees should contact the VP of Student Development at 716.880.2224 or the Title IX Coordinator at 716.880.2119.

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at either, Highland Hospital 1000 South Ave, Rochester, NY 14620 or Rochester General Hospital 1425 Portland Ave, Rochester, NY 14621. In New York State evidence may be collected even if you chose not to make a report to law enforcement. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining an order of protection. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to Medaille College hearing boards/investigators or police. Although the Medaille College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. Medaille College will assist any victim with notifying the Buffalo Police if they so desire.

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, Kenya Hobbs at titleIX@medaille.edu or by calling 716.880.2119, or writing or coming into the office to report in person and Public Safety (if the victim so desires). Medaille College will provide resources, on campus off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or

dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Public Safety or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to Medaille College, the below are the procedures that Medaille College will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

Assistance for Victims: Rights & Options

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, Medaille College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In New York State, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights: <http://ovs.ny.gov/helpforcrimevictims.html> Further, Medaille College complies with New York State law in recognizing orders of protection from every other state. Copies should be provided to Public Safety and the Office of the Title IX Coordinator. A complainant may then meet with Public Safety to develop a Safety Action Plan, which is a plan for Public Safety and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but in not limited to: escorts, special parking arrangements, providing a temporary cell phone, changing classroom location or allowing a student to complete assignments from home, etc. Medaille College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services via the Brighton Police Department. Medaille College may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim’s cooperation and consent, Medaille College offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to

counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC1395 (a) (20).) Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures. Medaille College does not publish the name of crime victims nor house identifiable information regarding victims in the Public Safety office or the Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by request via Human Resources.

The college is committed to assisting victims as much as possible and in accordance with the wishes of the victim. How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found.

- If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.
- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
- Confront people who seclude, hit on, and try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

Risk Reduction

With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don’t know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.

- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have cab money.
- Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
- Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
- Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
- Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
- If you need to get out of an uncomfortable or scary situation here are some things that you can try:
- Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.

- Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
- Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
- Lie. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
- Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Adjudication of Violations

Whether or not criminal charges are filed, a person may file a complaint with Medaille College alleging that a student or employee violated Medaille College policy on sexual harassment and/or assault. Describes each type of disciplinary proceeding used by the institution to include (answer these specific questions for each type of proceeding that you list here):

Medaille College will not tolerate the discrimination against or the harassment (sexual or otherwise) of students or employees by College students, faculty, administrators, staff members and other persons acting in official College capacities. Students and employees are legally protected from such activity by both state and federal legislation and are asked to report any occurrence without fear of retaliation as follows:

Individuals who believe that they have been harassed or discriminated against should address their concerns to the appropriate administrative official at the College as set forth below:

Complainant Appropriate Administrator

Faculty MembersDirector of Human Resources

Staff Members (including Administrative Staff)Director of Human Resources

StudentsVP of Student Development

If the appropriate administrator is the subject of the harassment or discrimination allegations, or the complainant is otherwise uncomfortable approaching a designated administrator, the complainant shall direct the complaint to one of the other appropriate administrators.

Official allegations of harassment or discrimination are to be made to the appropriate administrator in writing as soon as possible. The complaint must include the following information: name, address, and telephone number of the complainant; the nature of the complaint; date(s) and location(s) of the alleged occurrences(s); evidence on which the complaint is based; and the redress sought by the complainant. The appropriate administrator shall have 20 calendar days in which to conduct an investigation of a written complaint. The appropriate administrator may act as investigator or may arrange for another individual to act as investigator in the matter. The investigator shall be familiar with the appropriate sanctions that might be imposed against the individual against whom the complaint is made in the event that harassment or discrimination is found to have occurred. The investigator's report will be provided to a College officer or supervisor with the requisite authority to impose such sanctions.

The purpose of the investigation is to establish: (1) whether there is a reasonable basis for believing that the alleged violation of the policy has occurred; (2) the factual circumstances surrounding the claim; and (3) the appropriate sanction to be imposed on an individual found to have engaged in prohibited conduct. The investigator shall promptly provide the person against whom the complaint is made with a copy of the formal complaint and shall notify the appropriate College officer or supervisor of the nature of the complaint and of the identity of the parties.

In conducting the investigation, the investigator may interview the complainant, the person against whom the complaint is made, and any other persons believed to have relevant factual knowledge. At all times, the investigator shall make an effort to maintain confidentiality except where and to the extent that disclosure of information is necessary in the investigation. The parties and any notified College officer or supervisor shall maintain strict confidentiality... The investigator shall be in communication with the complainant until the complaint is resolved.

Upon the expiration of the 20 calendar day period the investigator shall have an additional 10 calendar days to produce a written report summarizing the findings of fact and providing recommendations as to the appropriate administrative action to be taken. This report will be provided to the parties, to the appropriate College officer or supervisor. If sanctions are imposed, this report will become a part of the personnel file of the individual against whom the complaint was made.

Recommended sanctions may include, but are not limited to, written reprimand of the person against whom the complaint is made, suspension or dismissal of the person against whom the complaint is made, a change of grade or other academic record, a change of course section, a change of reporting line for an employee, or any other appropriate sanction(s) under the circumstances. Sanctions will be imposed in accordance with the provisions set forth in Volume IV (Faculty Policies), Volume V (Administrative and Staff Policies), and Volume VII, (Student Life and Development Policies), as applicable.

A complaint may also be brought by a person outside the College community if the alleged offense occurred with regard to application for admission as a student, to inquiry or application for employment, to bidding for contracts by individuals or company representatives, or to any other official action by a member of the College community. The appropriate administrative official to whom such a complaint should be directed will be determined by the position the individual was attempting to obtain at the College.

Reports of all domestic violence, dating violence, sexual assault and stalking made to Campus Public Safety will automatically be referred to the Title IX Coordinator for investigation regardless of if the complainant chooses to pursue criminal charges.

The Medaille College disciplinary process is consistent with the institution's policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the accuser and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 days of the report, however the proceedings timeframe allows for extensions for good cause with notice to the accuser and the accused of the delay and the reason for the delay. Investigators and hearing board members are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking and taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability.

The accuser and the accused student each have the opportunity to attend a hearing before a properly trained hearing official that protects the safety of victims and promotes accountability;

The accuser and the accused will have timely notice for meetings at which the accuser or accused, or both, may be present;

The institution will allow for timely access to the accuser, the accused and appropriate officials to any information that will be used after the fact-finding investigation but during formal and informal disciplinary meeting and hearings;

The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused;

The institution provides the accuser and accused the same opportunities to have others present during an institutional disciplinary proceeding. The accuser and the accused student each have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or proceeding. An advisor may only consult and advise his or her advisee, but not speak for the advisee at any meeting or hearing;

A student conduct decision is based on the preponderance of evidence standard, i.e. “more likely than not to have occurred” standard. In other words, the conduct process asks: “is it more likely than not that the accused student violated the Medaille College Student Conduct Code?”

The accuser and the accused will be notified simultaneously in writing of the result of any disciplinary proceeding, as well as any changes to those result or disciplinary actions prior to the time that such results become final; and

The accuser and the accused each have the right to appeal the outcome of the hearing by and will be notified simultaneously in writing, of any change to the result prior to the time that it becomes final and of the final result after the appeal is resolved.

A person alleging sexual assault, domestic violence, dating violence, or stalking may also utilize the complaint and investigatory procedures set forth in the Medaille College policy against Sexual Harassment <http://www.medaille.edu/policy-handbooks> in order to remedy any hostile environment. All conduct proceedings against students, however, will be resolved through the College Student Judicial System.

When a complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator, Medaille College’s ability to respond to the complaint may be limited.

Confidentiality

Medaille College will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law and as previously mentioned in this document.

Medaille College maintains as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentially would not impair the ability of the institution to provide the accommodations or protective measures.

Sanctions and Protective Measures

In all cases, investigations that result in a finding of more likely than not that a violation of college policy occurred will lead to the initiation of disciplinary procedures against the

accused individual. Medaille College sanctions including, for students, sexual assault, domestic violence, dating violence, and stalking are violations of the Student Conduct Code. Employees who violate this policy will be subject to discipline, up to and including termination of employment. Sexual assault, domestic violence, dating violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law may be imposed upon those determined to have violated this policy. Medaille College may implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking.

The Title IX Coordinator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a Medaille College order of no contact, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved. Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Medaille College

Medaille College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

Counseling Services

Counseling services are available off campus for any victim of sexual assault and/or harassment. Off campus counseling services may accessed by contacting Crisis Services – Lifeline Program, at 585.275.5151.

Sex Offender Registry

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student.

In New York State, convicted sex offenders must register with the New York State Division of Criminal Justice. You can link to this information, which appears on the New York State Division of Criminal Justice Services website, by accessing the Sex Offender Registry at <http://www.criminaljustice.ny.gov/nsor/>.

- Has the purpose or effect of creating an intimidating, hostile, or offensive working or educational environment.
- Has the purpose or effect of unreasonably interfering with an individual's performance.
- Otherwise adversely affects an individual's educational or employment opportunities.

Any harassment of Medaille College employees, students or applicants in violation of these rules is absolutely prohibited and will not be tolerated. All disciplinary actions remain subject to final review by the President of Medaille College.

7.1.3.1 The Role of the Chief Student Affairs Officer (CSAO)

The supervision of student conduct is the responsibility of the Chief Student Affairs Officer (C.S.A.O.). All disciplinary actions remain subject to final review by the President of Medaille College.

The C.S.A.O. shall serve as the liaison with students who have been placed on disciplinary probation or separated from the College; the Office of Student Affairs shall be responsible for informing students of the procedure for reinstatement. The C.S.A.O. shall have responsibility for receiving complaints against student(s) from any member of the College community, from local and state agencies and from the general citizenry. The C.S.A.O. shall notify the student in writing of the specific rights, together with a statement of the hearing procedures and sanctions. The standard protocol will be to dispose of the charges informally by mutual consent without the initiation of a formal hearing. The normal disposition of a student conduct incident report will be for the case to be resolved by the C.S.A.O./designate and the student. With this option, the C.S.A.O./designee's disposition of the case and disciplinary sanctions are final and binding. If there appears to be a conflict of interest with the C.S.A.O. hearing the case, the C.S.A.O. shall attempt to name a hearing officer who is mutually acceptable to the parties involved.

Sanctions imposed upon students must be proportionate to the gravity of the offense.

Sanctions, which may be imposed, are:

1. Disciplinary Warning – a written statement to a student that the student is violating or has violated institutional regulations, and that the continuation of such conduct will not be tolerated. The fact that a student has received one or more disciplinary warnings in the past may affect the severity of a sanction in subsequent disciplinary proceedings.

2. Disciplinary Reprimand – a written statement from the C.S.A.O or their representative, expressing disapproval of conduct. A record of a disciplinary reprimand shall be maintained in the Office of the C.S.A.O. for the period it is in effect. During that same period a record may be introduced in subsequent disciplinary proceedings.
3. Disciplinary Probation – a conditional retention of a student’s status for a specified period of time. During the probationary period a student is excluded from participation in extra-curricular College activities nor may the student hold any appointed or elected position within the College Community. A record of disciplinary probation will be maintained in the Office of the C.S.A.O. for the period it is in effect and during the period the record may be introduced in subsequent disciplinary proceedings.
4. Restitution – a written direction to replace, repair, or make specific compensation for property of the College or another person, which was damaged, destroyed, or misused. A record of a direction to make restitution shall be maintained in the Office of the C.S.A.O. until full restitution is made, and during that period the record may be introduced in subsequent disciplinary proceedings.
5. Interim Suspension – an immediate exclusion from classes and all other College privileges or activities that is imposed by the President or C.S.A.O. (or their representative) of the College, pending a hearing before the appropriate judicial body. Interim suspension will be imposed only to ensure the safety and well-being of members of the College community, or College property, or to ensure the student’s own physical or emotional safety and well-being.
6. Disciplinary Suspension – a termination of registration as a student for a specified period of time. During the period of suspension a student is excluded from classes and all other College privileges or activities. A record of disciplinary suspension is maintained as a permanent record in the Office of the C.S.A.O. and a copy shall be placed in the student personnel file.
7. Disciplinary Dismissal – a termination of registration of a student. If the student applies for readmission, the student will not be allowed to return to the College. A record of a disciplinary dismissal is maintained as a permanent record in the Office of the C.S.A.O. and a copy shall be placed in a student’s personnel file.
8. Substituted Sanction – a constructive undertaking by a student, which shall be maintained in the Office of the C.S.A.O. until the undertaking is completed. If the substituted sanction is not satisfactorily completed, the C.S.A.O. shall reinstitute the original sanction.
9. Persona Non Grata – an exclusion from College property/buildings for a specific or indefinite period of time.

Appeals

The accused student(s) may appeal a decision made by the Assistant Dean of Student Affairs or his/her designee. A request for an appeal must be submitted in writing to the Dean of Students (or his/her designee) within two business days (48 hours) of the decision. Generally, the Dean of Students will hear appeals of all matters for which he/she did not render the decision. In cases involving sexual harassment and our assault/violence, the Dean of Students may choose to review appeals with the Title IX Coordinator and whomever else he/she deems appropriate before rendering a decision. The President of the College will hear all appeals for which the Dean of Students rendered the initial decision.

The written request for any appeal must be based upon one or more of the following reasons, which must be specifically specified in the appeal:

1. Violation of College conduct review procedures;
2. New evidence not reasonably available at the time of the hearing;
3. Improper or excessive sanction(s);
4. Decision not supported by a preponderance of evidence.

Upon receipt of the appeal, the appropriate college official will do one of the following:

1. Accept to hear the case at his/her discretion;
2. Refuse to hear the case for lack of sufficient reason for appeal;
3. Request that another hearing be conducted;
4. Investigate and amend the decision and/or sanction.

In appeals by the accused involving claims of improper or excessive sanctions, decisions following appeal cannot result in more severe sanctions for the accused student. The decision and sanction(s) resulting from any appeal will be sent to the respondent, complainant, president of the College and/or persons and offices notified of the original sanction(s).

EMERGENCY RESPONSE AND EVACUATION POLICY

Emergency Management Plan

This document outlines the college's general emergency procedures and crisis management procedures. It is recommended that each member of the campus community familiarize themselves with this important information. The plan may be accessed on the college's website at www.medaille.edu/emp and hard copies are available upon request via the Director of Public Safety.

Emergency Evacuation Procedures

In the event of an incident presenting immediate or risk of immediate threat to human safety, an evacuation order should be given by any person in authority nearest the site of an incident. Public Safety should be contacted immediately, 716.880.2911 and alerted as to the location of the incident. Emergency Evacuation maps are posted on every floor in each academic building.

Immediate Notification

If the appropriate college officials determine there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the college community, some or all of the systems described in the Timely Warning section of this document will be used to communicate the threat or danger to the Medaille community.

Missing Student Policies

The following policy and procedure has been established to assist in locating Medaille College students living in college on-campus housing who, based on the facts and circumstances known to the college are determined to be missing. This policy has been established as required by the Higher Education Opportunity Act (HEOA) and the Jeanne Clery Disclosure of Campus Security Policy and Campus Statistics Act, referred to as the Clery Act.

Designation of a Contact Person(s)

Each year every resident has the option to identify a contact person(s) whom the college shall notify within 24 hours of determination that the student is missing. The contact person can be anyone and, if the student elects, may be someone other than the person that the student has designated as his/her emergency contact person for other purposes.

This contact information is considered confidential and will be maintained separately by the Residence Life Office and will only be shared with the appropriate college officials involved in a missing person investigation. This is including, but not limited to, the VP for Student Development, the Director for Residence Life and Student Conduct, and the Director of Public Safety and/or Public Safety Designee.

A resident student who is less than 18 years of age and not officially emancipated by his/her parents or guardian may designate a contact person; however, the student's custodial parent or guardian will also be notified within 24 hours of a determination that the student is missing.

Actions Regarding a Missing Student

If the above investigatory steps are unsuccessful in locating a student who has been missing for 24 hours or it is apparent sooner that the student may be endangered, the college will take the following actions within 24 hours:

The local police department and other law enforcement agencies as necessary will be contacted to report that the student is a missing person. The Director of Public Safety will assist external authorities with investigations as requested.

The Director of Residence Life and Student Conduct or the Resident Director of Residence Life will notify the designated contact person and the student's parent/guardian will be notified for an un-emancipated student.

Campus Communications about Missing Students

Notifications to the campus community will be coordinated by the Director of Public Safety and the VP for Student Development. Media communications will be coordinated by the college's Director of Communication or appointed designee. Information will not be released unless authorized by the Dean for Student Affairs. All media requests will be directed to the Vice President for College Relations.

Commuter Students: Reports of commuter students who are missing will be referred to the Director of Public Safety and the appropriate police agency.

(This information is also published in Volume VII)

7.3 Student Alcohol and Drug Policies and Programs

7.3.1 Alcohol Policy

Alcohol consumption as a fact of student life has come under increasingly stringent scrutiny recently, especially as state and federal governments have adopted stronger drinking age and driving-while-intoxicated laws. Medaille College supports the efforts of governmental agencies to control abuse of alcohol and the unhappiness such abuse causes, and seeks to uphold the spirit, as well as the letter of the law through its policies. The philosophical foundations of Medaille's Alcohol Policy are:

1. In an effort to develop independent and self-reliant individuals, the College considers the use or non-use of alcohol to be a personal decision, as long as that decision does not interfere with the rights of others. The College is responsible for developing policies and regulations that emphasize moderate and thoughtful use of alcohol and prevent abuse.
2. The College recognizes that the development of policies and procedures will not solve the problems of alcohol abuse. Educational programs that stress positive attitudes and behaviors and emphasize the dangers of alcohol consumption are equally important.
3. While the College has limited control over individual drinking habits, it does have the responsibility and obligation to monitor the College social environment and to comply with State and Federal laws pertaining to alcohol use. Medaille's policies and regulations reflect the importance of an appropriate environment during social events where alcohol is served and monitor the general use of alcohol and the quantity served. These regulations apply for both on and off-campus events sponsored by student organizations of the College.

7.3.1.1 Campus Regulations

Alcoholic beverages are not permitted on campus, except in conjunction with events properly registered and approved with the Student Affairs Office.

1. The provision of alcohol must conform to federal, state, and local laws. A summary of pertinent legal information is appended to this policy. The sponsoring group will be held responsible to see that these laws are followed. Failure to do so may result in loss of the privilege of sponsoring an event.
2. Intoxication will not be accepted as an excuse for misconduct at any College sponsored event.
3. Members of the College community will be held personally responsible for inappropriate behavior.
4. Non-alcoholic beverages must comprise a minimum of one-half of the total available amount of beverage.
5. Food must be provided in a sufficient quantity to accommodate the number of persons in attendance.
6. The ordering of alcoholic beverages shall occur after consultation with the Dean of Students, who reserves the right to limit the amount of alcohol served at any function.
7. No alcohol related student events shall be sponsored by any campus organization, on or off-campus, within five calendar days prior to semester examinations.
8. The College cannot condone activities that serve alcohol alone. Events will not be scheduled whose sole purpose is the consumption of alcohol. Advertisements and promotional literature should not create the impression that drinking is the sole purpose of the event.
9. Individuals should not be coerced into drinking alcoholic beverages at any time.
10. A system of checking ID's and age information must be enforced. This will protect the organizers from unknowingly serving alcohol to underage persons. Campus Public Safety must be consulted and utilized for checking IDs.
11. On-campus parties will be limited to three hours duration. Off-campus events must close by 12:00 a.m.
12. Continued unacceptable alcohol related behavior might be grounds for limitation of social privileges or dismissal from the College.
13. Alcohol consumption must be a legal possibility for a majority of the persons attending, to justify its inclusion in an event.
14. Enforcement of these regulations is the responsibility of the group sponsoring the event in conjunction with the Student Affairs Office.

15. As a general practice, use of alcohol will not approved at on campus functions where there is a presence of students who are under the age of 21.

7.3.1.2 Summary of the Current New York State Laws on Alcohol

From *Toward the Implementation of the 21 Alcohol Beverage Law in New York State*, SUNY Rockefeller Institute of Government and the Institute for Traffic Safety, Management and Research, p. 1. Six provisions of New York law regulate the purchase and sale of alcoholic beverages by persons under the age of 21. Collectively, they establish in New York a minimum drinking age of 21:

1. **ALCOHOL BEVERAGE CONTROL LAW, §65**, makes it unlawful for a licensed establishment to sell, deliver or give away an alcoholic beverage to any person actually or apparently under the age of 21.
2. **ALCOHOL BEVERAGE CONTROL LAW, §65a**, makes it an offense for any person to misrepresent the age of a person under the age of 21 for the purpose of inducing the sale of any alcoholic beverage to such person.
3. **ALCOHOL BEVERAGE CONTROL LAW, §65b**, makes it unlawful for one under the age of 21 years to purchase or attempt to purchase an alcoholic beverage through fraudulent means.
4. **GENERAL OBLIGATIONS LAW, §11-100(1)** provides that any person who is injured by reason of the intoxication of any person under 21 may sue for damages against any person who knowingly caused such intoxication by unlawfully furnishing or procuring alcoholic beverages for such person with knowledge that such person was under the age of 21.
5. **PENAL LAW, §260.20(4)**, makes it a misdemeanor for a person to sell or cause to be given or sold any alcoholic beverage to a person less than 21, except that this provision does not apply to the parent or guardian of such person.
6. **GENERAL OBLIGATIONS LAW, §11-101**, commonly referred to as the “Dram Shop Act,” provides for a right of action and recovery for injuries caused by the illegal sale of intoxicating liquor to any intoxicated person.
7. **OPEN CONTAINER AND PUBLIC CONSUMPTION LAW**, The city of Buffalo prohibits the possession of any open alcoholic container and/or drinking in a public space or vehicle.
8. **OTHER DRUGS**, Federal and New York State laws prohibit the possession, distribution, and inappropriate use of controlled substances and illicit drugs.

9. **SANCTIONS**, Violation of laws relating to drugs and alcohol may result in probation, fines, imprisonment, civil seizure and forfeiture of property, and a permanent criminal record.

7.3.1.3 Parental Notification Policy

In accordance with the Federal Higher Education Amendment of 1998, Medaille College reserves the right to notify parents or guardians of students under the legal drinking age who have violated campus alcohol and other drug prevention policies, whether on or off campus, where there exists a nexus between the violation and the interests of the College.

In all cases, students will be accorded appropriate consideration under the Student Code of Conduct and Judicial Procedures, Section 7.6. The VP of Student Development or the Director of Residence Life and Student Conduct will provide notification when necessary.

7.3.1.4 Containers

The use of any containers in College housing to store/transport alcohol is strictly prohibited.

7.3.2 Drug Policy

The possession or use of any compounds or substance, which are illegal under the federal, state, or local laws, is incompatible with the College's expectations for student responsibility. Persons, who possess or use such compounds or substances contrary to law, are subject to immediate disciplinary action, including, but not limited to, suspension or dismissal from Medaille College.

The use of drugs and alcohol is generally habit forming and experimentation should be considered not only illegal but also a significant health risk. Counseling on drug and alcohol issues is available through both the Counseling Office and the Student Health Center. Please take advantage of these services.

7.3.3 Substance Abuse Prevention Program

The Office of Student Affairs, in conjunction with the Health and Counseling Staff, will provide counseling and information on support services and medical facilities. Health and Counseling Services are located in the Wellness Center at 117 Humboldt Parkway on the Buffalo Campus.

Education and awareness will be the focal points of programming throughout the school year. In addition, Medaille participates annually in the National Collegiate Alcohol Awareness Week by offering a variety of activities aimed at preventing the abuse of alcohol. Online resources addressing both education and screening for substance abuse can be found via the Counseling Website. Prevention and treatment resources can be located at

www.oasas.state.ny.us. Individuals can access resources in their particular county via this site.

7.3.3.1 Description of Health Risks Associated with Illicit Drugs and Alcohol

7.3.3.1.1 Illicit Drugs

The use of illicit drugs can lead to physical and psychological dependence, behavioral changes, physical and psychological damage, and possible death. Effects from the use of illegal narcotics may include euphoria, drowsiness, respiratory depression, constricted pupils, and nausea. Narcotic overdoses can produce slow and shallow breathing, clammy skin, convulsions, coma, and possible death. Withdrawal symptoms can include tremors, panic, cramps, nausea, chills, and sweating. Women who use drugs during pregnancy may give birth to infants with physical abnormalities and mental defects.

The illicit use of depressants can cause slurred speech, disorientation, and drunken behavior. Overdoses can cause a weak and rapid pulse, coma, and possible death. Withdrawal syndrome can include tremors, delirium, convulsions, and possible death. The illicit use of stimulants can cause excitation, euphoria, increased pulse and blood pressure, insomnia, and loss of appetite. Agitation, increase in body temperature, hallucinations, convulsions, and possible death are the effects of stimulant overdose. Withdrawal syndrome can include apathy, long periods of sleep, irritability, depression, and disorientation. The possible effects of the use of hallucinogens include hallucinations and altered perceptions of time and distance. Overdoses can produce longer, more intense effects, psychosis, and possible death.

The use of marijuana can produce euphoria, relaxed inhibitions, increased appetite, and disoriented behaviors. Overdoses can result in fatigue, paranoia, and possible psychosis. Marijuana withdrawal can occasionally produce insomnia, hyperactivity, and decreased appetite.

7.3.3.1.2 Alcohol

Alcohol consumption causes a number of changes in behavior. Even small amounts significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate amounts of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high intake of alcohol can cause impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high amounts cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower amounts of alcohol will produce the same effects.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and

convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol can also lead to permanent damage to vital organs such as the brain and liver.

Women who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental defects. In addition, research indicates that children of alcoholic parents are at a greater risk than other children of becoming alcoholics.

Drugs

One of the College's primary objectives has always been to provide a safe, healthy and pleasant environment for College employees, students and visitors. Among other things, this means that all College employees must be in suitable mental and physical condition at all times while on premises or doing College work. The work environment must be kept completely free of substance abuse and its harmful and dangerous effects.

The sale, possession, manufacture, transfer or purchase of illegal drugs on College property or while performing College business is strictly prohibited. Such action will be reported to the appropriate law enforcement officials. The use, manufacture, sale or possession of an illegal drug, alcohol or controlled substance while on duty is cause for disciplinary action up to and including termination. No prescription drug may be brought on College property by any person other than the one for whom it is prescribed.

If any employee has a drug or alcohol problem, which could put the employee in conflict with College rules, the employee must do whatever is necessary to see that this does not happen. The College does not wish to dictate its employees' private life-style choices, but it cannot permit anyone's involvement with drugs or alcohol to affect the work environment.

The College recognizes drug and alcohol dependency is an illness and a major health problem, and it will provide information about this issue to try to help employees avoid the problem or seek professional treatment if needed. In the last analysis, however, it is the responsibility of the individual employee to obtain whatever assistance may be needed to control a substance abuse problem and keep drugs and alcohol out of the work environment. Every employee must ensure that personal activities do not result in a violation of College rules, and/or any federal, state or local law or regulation.

CRIME STATISTICS

In accordance with the Clery Act, a copy of the Crime Statistics Report is available to all members of the campus community. The procedures for preparing the annual disclosure of crime statistics include collecting statistics from the Medaille College Public Safety Office, Campus Security Authorities and local police municipalities. Medaille College submits the annual crime statistics to the Department of Education (Dept. of ED) and is available to the public through the Dept. of ED website (www.ed.gov). The college also sends an email to every enrolled student and current employee on an annual basis. The email also includes the address for the Medaille College website where the Annual Security and Fire Safety Report may be found online. A physical copy of the report may be obtained by making a request to the college's Public Safety Office. For the 2017 reporting year, Supervisor David Rice was responsible for collecting, maintaining, and reporting Crime Statistics.
