

# Your guide to Blackboard (Bb) Learning

---

We have a great opportunity for you to learn about the Blackboard (Bb) learning management system that your instructors will be using to supplement your in class instruction. Blackboard is like Google Classroom or Schoology, that many of you used during your high school classes.

We have designed a new student Blackboard (Bb) training that will help you learn how to navigate Blackboard and complete common tasks like uploading an assignment, participating in a discussion and taking a quiz.

Prior to participating in the new student Blackboard training, you will need to do the following:

1. Pick up your **Medaille accounts** so you have your user name and password.
2. Watch the **Logging on to Blackboard and Login Page Basic Tour** video to learn about the log on process and tool features of the Bb course menu.
3. Watch the **Traditional Bb Student Intro LMS** training video to learn how to navigate the training.
4. Visit **Medaille Connect** and sign in with your Medaille username and password.
5. Scroll to the bottom of the Medaille360 for Students page and click on **Blackboard**. Log on with your Medaille user name and password.
6. Click on the **Organizations** link, found on the left side, then choose the **Traditional Bb Student Intro LMS** training link to get started.

[Multiple Leaders](#) | More info ▼

If you have trouble picking up your accounts, contact [helpdesk@medaille.edu](mailto:helpdesk@medaille.edu). If you have trouble with the Bb training, contact [elarning@medaille.edu](mailto:elarning@medaille.edu).

**All new students who successfully complete and earn their certificates for the Traditional Student Bb Intro Training by the end of the first week of classes will be eligible for prizes.**
