

Subject Line: Spring Semester Plans
Sent to All Students: December 7, 2020

This message is sent to all students and copied to all faculty and staff:

Happy December.

Just a quick note to wish you good luck on finals; a restful winter break; and excitement to see you in January.

The leadership team is getting a lot of questions about the spring semester. I know that it's crazy, but the start of the spring term is over one month away; which in COVID terms, is closer to one year away!

Conditions change so quickly, it is impossible to say with any degree of certainty that something **will be**.

That being said, we are looking forward to being back in classrooms more and more.

Right now, your schedule tells you the modality of your spring courses; that is, in person, hybrid, totally remote, or online. You need to follow your schedule, because that is the plan today. Please reach out to your advisor if you have questions.

We will communicate if things change, but the expectation is that we will be able to execute our plan for the spring semester and your corner of that plan is your schedule.
