1. RESPONSIBILITY
The Academic Quality Programs Council (hereinafter referred to as AQPC) has been established to address matters relating to the maintenance, review and improvement of academic quality at Medaille College. To achieve this, it will:

(1) Monitor and review the development of curricula to avoid confusion, conflict, or duplication which may be counter-productive (unless just cause can be stipulated in favour of implementing a proposed program or curriculum). Review new programs, new curricula, curricula that have undergone significant revision, new academic major materials, and new minor materials and concentrations that are not associated with an existing major.

(2) Ensure the consistency and the standards of integrity are protected and guaranteed within all degree programs and in the development and execution of all curricular activities, as well as ensuring that procedures, processes and actions taken are consistent throughout the College.

(3) Make suggestions to the Graduate Program Council (GPC), Adult Learning Program Council (ALPC) and Undergraduate Standing Committees for further consideration should AQPC uncover items that need further review or are not in compliance with the mission and strategic plan of the College.

(4) Make recommendations to Faculty Council, as required on policy and procedural matters, associated with the maintenance, review and improvement of academic quality.

(5) Consider any matter referred by the GPC, ALPC and/or Undergraduate Standing Committees relevant to the maintenance, review and improvement of academic quality particularly as related to program and unit of study review as well as learning and teaching.

(6) Consider any other matter referred to by Faculty Council and/or Vice President of Academic Affairs.

In undertaking its responsibilities, the AQPC will satisfy itself that adequate consultation and documentation (including, where appropriate, external verification) has occurred. AQPC does not alter, counteract or replace the work of various curriculum committees.

2. AQPC COMPOSITION
Membership: Nine (9) full time tenured or non-tenured faculty members elected by Faculty Assembly. The voting members must be a faculty member teaching in the program they wish to represent. When a position becomes vacant, a replacement shall be elected for the duration of term.

   3. During the meeting, maintain and preserve order, be impartial, be consistent in all rulings and decisions. See that all items on the agenda are dealt with in sequence unless the members agree otherwise.

AQPC Members
   1. Attend and participate at meetings.
   2. Review agenda items and materials in advance of the meetings.
   3. Participate in discussions (members are charged with objectivity in their deliberations, taking a ‘universal’ stance, when appraising materials before them rather than a ‘parochial’ view rising out of being within a particular school or department).

Quorum
A quorum will be one half of the AQPC and must be present for AQPC to consider and discuss the materials for the meeting as well as for a vote to be taken. Voting will follow Roberts Rules of Order. Proxy votes will be permitted.

Meetings
(1) The AQPC will meet regularly and, in addition, when requested by the VP for Academic Affairs.

(2) Accurate minutes will be kept of each meeting of the AQPC. The minutes of a meeting shall be submitted to committee members for ratification at the next meeting of the AQPC.

5. Report on Activities
(1) The AQPC will report to the Chair having submitted materials to the AQPC. **

6. Annual Review of Performance
