How to Validate Your Field Experience

MSED Students with Disabilities Grades 1-6

The following information is required for each field experience in which you participate:

1. A signed completed validation form from the classroom teacher or other supervising professional.
2. The validation form must be scanned into **ONE** document for **each** field experience placement. You will then upload each document as an attachment to your **LiveText Field Experience** (FEM) account. Log into LiveText. Click on the Field Experience tab in the upper left corner. Then click "View Placement". You will then click "Add Attachment" and upload your document.
3. After your document is attached you will then log the hours into the Time Log of your LiveText Field Experience (FEM) account (it is located to the right of your main Field Experience screen).
 - a. To add the hours for a placement experience, **click "Add Hours"**.
 - b. Type in the **DATE that the experience ended (MM/DD/YYYY)**. For example, if you did 20 field experience hours in a grade 4 class between 2/3/18 and 5/6/18, you would write 5/6/18 as the date in the Time Log.
 - c. In the Number of Hours category, you will type how many **total hours you completed during that particular field experience** (HH:MM). For example, if you completed 20 hours, you would type 20:00.
 - d. In the Activity slot, you will type "Classroom Experience".
 - e. In the Category slot, you will choose whether this experience is in a grade 1-3 or in a grade 4-6.
 - f. In the **Additional Information slot**, you will include:
 - i. Name of School/Organization
 - ii. Name of Education Professional who validated your form
