**Message from the Dean**
Welcome to the School of Education at Medaille College. We offer undergraduate and graduate education programs at the Amherst, Buffalo, and Rochester Campuses. The School of Education is dedicated and committed to engaging students in a positive learning environment. Our academic programs are exciting, but rigorous. Additionally, we offer multiple delivery systems to meet the needs of diverse learners. We believe in training educators who have the ability to meet the future needs and requirements of the education profession.

We have a supportive faculty and staff who are available and accessible to students. We believe in the development of positive and professional relationships with the faculty. I’m glad you have chosen Medaille and I wish you success in your academic career at the college.

Illana R. Lane, Ph.D.
Dean, School of Education

**Medaille College**
Medaille College traces its roots to 1875 when it was founded by the Sisters of St. Joseph as an Institute to prepare teachers among the religious community for Catholic schools. The tradition of providing an emphasis on training teachers has been with us since the beginning. In 1937, the Institute received an absolute charter from New York State and was named Mount St. Joseph Teachers College and was chartered to grant baccalaureate degrees in Education. In 1968, the Sisters of St. Joseph, led by Alice Huber, SSJ, Ph.D., initiated a change in the charter, which would create a new college, accessible to all men and women. New York State granted this charter and Medaille College was born.

**Mission Statement of Medaille College**
Medaille College concentrates on excellence in teaching, with an emphasis on personal attention to its diverse student body. Its curriculum provides a solid liberal arts and sciences foundation with early access to career-oriented education. The faculty and all of those involved in the mission of education challenge students and themselves to the highest possible standards of achievement, but that challenge is balanced by support for every individual student and a concern that each one succeeds.

**Medaille College Vision for 2020**
Medaille College will be known as the leader in preparing learners for career success and a lifelong commitment to a civic and sustainable future in Buffalo, the region, and the world.

**School of Education**

**Mission of the School of Education at Medaille College**
The School of Education focuses on excellence in teaching with an emphasis on personal attention to our diverse learners. Our career-oriented curriculum builds upon a liberal arts
and sciences foundation as we guide students toward initial and professional certification. This program is flexible because of the multiple delivery systems available to traditional students and practicing professionals. The staff and faculty are dedicated and committed to graduating students who are effective teachers. As reflective practitioners and scholars guided by constructivist approaches (Vygotsky, 1978) to learning and teaching, we challenge our students and ourselves to reach high standards of achievement through the relentless pursuit of best teaching practices. Learning occurs in our classrooms within a caring environment, with dedicated faculty who advise, mentor, and guide students from their admission to the program through to the completion of their capstone courses. Ultimately, we are invested in learning, teaching, and the continued success of our students.

**Vision of the School of Education at Medaille College**

The faculty of the School of Education consists of scholar practitioners focused on research-based best practice. We take pride in graduating men and women who can successfully contribute to pupil learning through their excellence in teaching. The School of Education continues to engage its experienced faculty in practitioner-focused curriculum in traditional and non-traditional instructional formats. It is the vision of the School of Education to be an effective and responsive provider of educational programs that meet emerging needs.

**Philosophy of the School of Education at Medaille College**

Medaille College focuses upon excellence in teaching with an emphasis on personal attention to its diverse student body. The education programs provide a solid foundation in the study, design, and implementation of instruction and evaluation in the classrooms of the twenty-first century.

The overarching philosophy of the SOE is constructivism. This philosophy is a unifying thread that is evident in all our education programs. At the root of constructivism Vygotsky (1978) is the belief that students make meaning for themselves. It is a student-centered model in which the teacher contributes more as a facilitator whose efforts assist students in developing their own understanding and learning. They base their own prior knowledge and building mental constructs on existing knowledge bases. Knowledge does not exist independent of the learner.

Our approach to teaching emphasizes challenging opportunities for our teacher candidates to learn (Vygotsky, 1978). Through coaching from faculty, learners develop meta-cognitive strategies to monitor and direct their own performance and learning. The learners assume responsibility for their own learning. Teacher candidates work collaboratively on real-world, authentic activities. They are guided to develop and bring their own framework and perspectives. They integrate multiple perspectives, which help pupils negotiate and generate meaning.

The Master of Education programs use research to teach prospective in-service teachers to design instruction for classrooms with diverse learners. Emphasizing critical thinking, research, and academic writing, teacher candidates are academically prepared to
effectively design, implement, and evaluate curriculum for their schools and/or districts or boards.

Teacher candidates are encouraged to examine contemporary issues affecting curriculum and instruction within schools. Through integrated classes such as diversity, our students explore culture and society. Through courses like the history of education, teacher candidates learn how to examine how external forces influence school texts and pedagogy. In addition to emphasis on curriculum and instruction in schools, our teacher candidates are encouraged to use technology to enhance their skills, projects, assignments, and delivery of instruction.

**School of Education Claims**

A process was established to systematically collect data that addresses the SOE’s three primary claims to the Teacher Education Accreditation Council (TEAC). Medaille College graduates are qualified and competent as demonstrated by the following claims.

Claim 1: Medaille College graduates know the **subject matter** in their certification area(s).

Claim 2: Medaille College graduates meet the needs of diverse learners through effective **pedagogy** and **best teaching practices**.

Claim 3: Medaille College graduates are **caring** educators.

Students With Disabilities Certification Practica
Along with academic classes, students enrolled in the MS Ed. SWD program or the Advanced Certification in SWD program are required by the state of New York to complete 50 clock hours of college-supervised tutoring. These hours are completed in ESP 688 and 689. The practica are held off campus at an educational facility.

When completing these courses, perfect attendance by our graduate students is necessary for two reasons: New York State’s requirements for college supervised tutoring and the commitment made to children and parents who register for tutoring. Therefore, we have adopted the following policy. Graduate students enrolled in the SWD practica (ESP 688 and 689) are permitted only one excused absence per practicum. Excused absences include illness or work-related obligations and must be approved by the instructor. Tutoring hours will be rescheduled through the course instructor. If you are unable to complete this obligation, students are required to schedule for another semester.

Graduation for MSED in Students With Disabilities
Students must apply for graduation.
MSED students must have a minimum 3.0 GPA to graduate with a Masters degree.

Students must complete the pre-grad review form at the beginning of the semester they plan to graduate. The application for graduation can be found on students’ Medaille One account. There is a $50 application fee. The application and fee must be submitted to the Registrar’s Office.
Conferral Dates are: December 31; May 31; June 30; August 31

Program Completion for PMC in Students With Disabilities
Students must apply for program completion.
PMC students must have a minimum 3.0 GPA to complete the program.

Students must apply for program completion by submitting the Post Master’s Certification Application Form (See Appendix H) through students’ Medaille One account. There is a $10 application fee. The application and fee must be submitted to the Registrar’s Office.

Drop/Add/Withdrawal
If you need to drop or add a course the process must occur on the first day of classes to avoid financial penalty.

Statement on Disabilities

and reasonable under the Americans with Disabilities Act. The Academic Support Center is located in Huber Hall, Room H107, and can be reached by phone at (716) 880-2338.

**Academic Integrity**
Medaille’s faculty and administration expect all students to complete their academic assignments with honesty and integrity. Students who engage in any form of academic dishonesty (e.g., plagiarism, cheating on a test, forging a signature or an entire college document) will be dealt with severely, with penalties ranging from an F on a given assignment to failing a course or even academic suspension. Students should consult the *Medaille College Policy Manual*, Volume VI, (available online at http://www.medaille.edu/policy-handbooks Paragraph 6.2.2.5, for full details on the college’s policy and procedures for handling formal charges of academic dishonesty.

**Books**
Students will view book information at Follet.com. Go to http://www.bkstr.com/webapp/wcs/stores/servlet/StoreCatalogDisplay?langId=-1&storeId=34406&demoKey=d&catalogId=10001. The SOE has a master booklist for all undergraduate and graduate courses.

**E-MAIL**
Students must use their MedailleOne e-mail account. You will receive your student teaching information, class cancellation, and important School of Education information through your Medaille e-mail. It is the student’s responsibility to access Medaille e-mail. Students can forward information from another e-mail account to their Medaille e-mail or forward their Medaille e-mail to another account.

**Turnitin**
Medaille College subscribes to Turnitin plagiarism software. Your instructors may require submission of your work through Turnitin.

**Campus Emergency Information and Sign up for Immediate Alert**
To sign up for instant emergency alerts via e-mail, text, and phone please visit http://www.medaille.edu/alert. Please visit http://www.medaille.edu/alert/plan to view the plan.
It is important that each student is aware that in the event of an emergency the College will operate under a different set of policies and procedures than it does during normal business operations. In the event that campus is closed due to an emergency go your BbVista course links at http://learning.medaille.edu.

**Leave of Absence**
Students must contact the appropriate program director or chair when they need a leave of absence from the program. Additional offices on campus that need notification are the registrar, financial aid, business office, and the school advisor. **Students are responsible for any changes that may occur at the state level during a leave of absence.**
Additionally, if a student is gone from the program longer than one year he or she will need to repeat the methods courses.
Attendance
Regular attendance is expected at all classes and academic activities related to a course (for example, field work) unless otherwise specified. Medaille College subscribes to the "Guidelines on Students and Religious Observance" adopted by the Commission on Independent Colleges and Universities. Absence does not excuse a student from course work and responsibility. Excessive absence is detrimental and it will affect a student’s grade. Discontinuance of attendance does not constitute an official withdrawal.

Academic Standards
For graduate information regarding academic standards, probation, dismissal and academic fresh start policy go to pages 12-14 in the graduate catalog at http://www.medaille.edu/academics/catalogs. If a student in the master’s programs receives 3 “F”s” or “U”s” in the same course they will be dismissed from the program for a period of one year.

Professional Dispositions

Professional Dispositions Overview
The School of Education of Medaille College prepares students to enter the world of teaching Birth-12. As part of learning and preparation processes, students must understand and engage in professional behaviors that adhere to both policy and guiding principles that are required in private and public schools and community agencies. These behaviors are essential for employment and continued employment within the professional workforce. Prospective educators are expected to view and assume these professional dispositions as a crucial component of their academic training.

The Professional Dispositions aligned with Medaille College and the School of Education provide a framework for professional behaviors. These standards for behavior will be implemented for all students for any behavior that does not comply with official standards of behavior. Professors and staff will demonstrate and work with our students to assure that they are familiar with the dispositions, understand the dispositions and are able to demonstrate these dispositions in every class and learning experience.

It is the responsibility of Medaille School of Education students to recognize and fulfill professional habits of conduct. Their professional commitment to becoming an excellent teacher candidate or community leader must be evident through engagement, words and actions. During a student’ time at Medaille College when interacting with administrators, professors, teachers, peers and students while on all Medaille campuses and during field experiences professionalism is required. FERPA

THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 (FERPA)
Annually, Medaille College informs students of the Family Educational Rights and Privacy Act of 1974, as amended. This Act, with which the institution intends to comply fully, was designated to protect the privacy of educational records, to establish the rights of students to inspect and review the educational records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

The full FERPA policy can be found on the Medaille College Registrar’s web page at: www.medaille.edu/registrar under FERPA for Students or at http://www2.ed.gov/policy/gen/guid/fpco/ferpa/students.html. In addition, it is printed in the Student Handbook. Questions concerning the Family Educational Rights and Privacy Act may be directed to the Medaille College Registrar’s Office at (716) 880-2366.
