

# Attention UG Transfer Students!

**Important information about how the Registrar's Office can help you succeed!**

## Evaluation Process:

- Medaille College makes every effort to accept the maximum amount of transfer credits from all regionally accredited colleges/universities and those institutions registered by the New York State Education Department to grant degrees.
- The Registrar's Office at Medaille College will complete a transfer credit evaluation when we have official transcripts from all colleges/universities an incoming transfer student has attended.
- Transferability works best when transferring from like programs or general programs to other like programs (i.e.-Criminal Justice to Criminal Justice or Sport Management to Sport Management)
- We transfer credits, NOT grades. When you begin here at Medaille, you will begin with a new cumulative average. We do, however, look at your grades when evaluating potential transfer credits. We require at least a 'C' average or 2.0 GPA.
- We accept grades of 'C' or better. We will, however, accept up to 12 credits of 'D' grades in either liberal arts and science or free electives provided the overall average of transfer credits is at least 2.0 which is a 'C' average.

## Maximum Transfer Credits Accepted:

<u>FROM</u>	<u>TO</u>
Four year college	- 90 credits toward a baccalaureate degree at Medaille
Two year college	- 72 credits toward a baccalaureate degree at Medaille
Any college	- 45 credits toward an associate degree at Medaille
Combination	- 72 credits from a community college (2 yr) plus 18 credits from a four year college for a total of 90 transfer credits.

- The final 15 credits of coursework toward an associate degree must be completed at Medaille
- The final 30 credits of coursework toward a baccalaureate degree must be completed at Medaille
- View possible transfer credits at:
