Message from the Division Head
Welcome to the Division of Education at Medaille College. We offer undergraduate and graduate education programs at the Buffalo Campus. The Division of Education is dedicated and committed to engaging students in a positive learning environment. Our academic programs are exciting, but rigorous. Additionally, we offer multiple delivery systems to meet the needs of diverse learners. We believe in training educators who have the ability to meet the future needs and requirements of the education profession.

We have a supportive faculty and staff who are available and accessible to students. We believe in the development of positive and professional relationships with the faculty. I’m glad you have chosen Medaille and I wish you success in your academic career at the college.

Illana R. Lane, Ph.D.
Division Head, Division of Education

Medaille College
Medaille College traces its roots to 1875 when it was founded by the Sisters of St. Joseph as an Institute to prepare teachers among the religious community for Catholic schools. The tradition of providing an emphasis on training teachers has been with us since the beginning. In 1937, the Institute received an absolute charter from New York State and was named Mount St. Joseph Teachers College and was chartered to grant baccalaureate degrees in Education. In 1968, the Sisters of St. Joseph, led by Alice Huber, SSJ, Ph.D., initiated a change in the charter, which would create a new college, accessible to all men and women. New York State granted this charter and Medaille College was born.

Mission Statement of Medaille College
Medaille College concentrates on excellence in teaching, with an emphasis on personal attention to its diverse student body. Its curriculum provides a solid liberal arts and sciences foundation with early access to career-oriented education. The faculty and all of those involved in the mission of education challenge students and themselves to the highest possible standards of achievement, but that challenge is balanced by support for every individual student and a concern that each one succeeds.

Medaille College Vision for 2020
Medaille College will be known as the leader in preparing learners for career success and a lifelong commitment to a civic and sustainable future in Buffalo, the region, and the world.
Division of Education

Mission of the Division of Education at Medaille College
The Division of Education focuses on excellence in teaching with an emphasis on personal attention to our diverse learners. Our career-oriented curriculum builds upon a liberal arts and sciences foundation as we guide students toward initial and professional certification. This program is flexible because of the multiple delivery systems available to traditional students and practicing professionals. The staff and faculty are dedicated and committed to graduating students who are effective teachers. As reflective practitioners and scholars guided by constructivist approaches (Vygotsky, 1978) to learning and teaching, we challenge our students and ourselves to reach high standards of achievement through the relentless pursuit of best teaching practices. Learning occurs in our classrooms within a caring environment, with dedicated faculty who advise, mentor, and guide students from their admission to the program through to the completion of their capstone courses. Ultimately, we are invested in learning, teaching, and the continued success of our students.

Vision of the Division of Education at Medaille College
The faculty of the Division of Education consists of scholar practitioners focused on research-based best practice. We take pride in graduating men and women who can successfully contribute to pupil learning through their excellence in teaching. The Division of Education continues to engage its experienced faculty in practitioner-focused curriculum in traditional and non-traditional instructional formats. It is the vision of the Division of Education to be an effective and responsive provider of educational programs that meet emerging needs.

Philosophy of the Division of Education at Medaille College
Medaille College focuses upon excellence in teaching with an emphasis on personal attention to its diverse student body. The education programs provide a solid foundation in the study, design, and implementation of instruction and evaluation in the classrooms of the twenty-first century.

The overarching philosophy of the DOE is constructivism. This philosophy is a unifying thread that is evident in all our education programs. At the root of constructivism (Vygotsky, 1978) is the belief that students make meaning for themselves. It is a student-centered model in which the teacher contributes more as a facilitator whose efforts assist students in developing their own understanding and learning. They base their own prior knowledge and building mental constructs on existing knowledge bases. Knowledge does not exist independent of the learner.

Our approach to teaching emphasizes challenging opportunities for our teacher candidates to learn (Vygotsky, 1978). Through coaching from faculty, learners develop meta-cognitive strategies to monitor and direct their own performance and learning. The learners assume responsibility for their own learning. Teacher candidates work collaboratively on real-world, authentic activities. They are guided to develop and bring
their own framework and perspectives. They integrate multiple perspectives, which help pupils negotiate and generate meaning.

The Master of Education programs use research to teach prospective in-service teachers to design instruction for classrooms with diverse learners. Emphasizing critical thinking, research, and academic writing, teacher candidates are academically prepared to effectively design, implement, and evaluate curriculum for their schools and/or districts or boards.

Teacher candidates are encouraged to examine contemporary issues affecting curriculum and instruction within schools. Through integrated classes such as diversity, our students explore culture and society. Through courses like the history of education, teacher candidates learn how to examine how external forces influence school texts and pedagogy. In addition to emphasis on curriculum and instruction in schools, our teacher candidates are encouraged to use technology to enhance their skills, projects, assignments, and delivery of instruction.

New York State Teaching Certification Examinations (NYSTCE)

Elementary education students must take the following four NYS Certification Exams:

1. **ALST**
2. **EAS**
3. **CST-Content Discipline** [Biology; Chemistry; English; French; Math; or Social Studies]
4. **edTPA**

**1. ALST (Academic Literacy Skills Test) Exam**
   - This exam covers a prospective teacher’s ability to
     - read closely,
     - reason logically,
     - write clearly, and
     - critique and form arguments.
   - This exam focuses on candidates’
     - academic literacy
     - writing skills,
     - and is Common Core based.

Students need a minimum score of 520/600 to pass.

**When to take test:**
This exam reviews general thinking, reasoning and writing skills that a student should already have developed. Thus, the exam can be taken early in the first semesters of coursework.

**2. EAS (Educating All Students) Exam**
This test covers topics of specific pedagogical interest and evaluates a prospective teacher’s readiness to work with:
   - Diverse Student Populations
   - English Language Learners
   - Students with Special Learning Needs, Including Students with Disabilities and Students Who Are Gifted and Talented
   - Rights and Responsibilities
   - School-Home Relationships

Students need a minimum score of 520/600 to pass.

**When to take test:**
It is best to take this exam after the completion of Special Education, Literacy and Methods courses at Medaille.
3. CST (Content Specialty Test) Exams
The CST measures knowledge and skills in the content area of the candidate’s field of certification. The Elementary Multi-Subject CST is aligned with NYS Common Core Learning Standards.

- For the multi-subject CST, candidate must separately pass each subtest
  - Part 1: ELA/Literacy
  - Part 2: Mathematics
  - Part 3: Arts, Science and Social Studies

Students need a minimum score of 520/600 to pass the exam.

When to take the test:
This is knowledge a teacher candidate brings in from undergraduate coursework, so it can be taken any time. If a candidate is taking coursework toward the completion of any outstanding credits in the subject area, it is recommended to take the exam close to the completion of that coursework.

4. edTPA (Education Teacher Performance Assessment) Exam
This is an authentic assessment performed during the student teaching experience. The edTPA asks for evidence of a prospective teacher’s ability to plan lessons, instruct students, and use assessment data to inform instruction. Students prepare for this exam throughout their coursework at Medaille.

New York State has been revising the certification exam structure. Information can be found at [http://www.highered.nysed.gov/pdf/certexamchanges.pdf](http://www.highered.nysed.gov/pdf/certexamchanges.pdf).

Any exam can be retaken. For exam pricing and additional details visit [www.nystce.nesinc.com](http://www.nystce.nesinc.com)

NYSTCE Emergency Safety Nets

The edTPA Safety Net has been extended and additional safety nets have been created for the Academic Literacy Skills Test (ALST), Educating All Students Test (EAS), and redeveloped Content Specialty Tests (CSTs). Any exam requirement to be satisfied by one of the safety nets must be satisfied on or before June 30, 2016. You can take advantage of more than one safety net. Detailed information can be found at [http://www.highered.nysed.gov/tcert/certificate/certexamsafetynets.html](http://www.highered.nysed.gov/tcert/certificate/certexamsafetynets.html).
Child Abuse and SAVE Legislation Requirements for Initial Certification
MSED Elementary Education students fulfill this requirement in ESP 600 co-registered with EDU 506. (See Appendix A for details).

Dignity for All Students Act (DASA)
In accordance with New York State’s Dignity for All Students Act (DASA), teacher candidates are required to foster safe and supportive classroom environments free from discrimination, intimidation, taunting, harassment, and bullying. Anyone applying for certification on or after December 31, 2013 is required to have completed the Coursework or Training in Harassment, Bullying and Discrimination Prevention and Intervention required under the Dignity for all Students Act. MSED Elementary Education students fulfill this requirement in ECI 535 co-registered with EDU 507.

Fingerprinting (currently $99.70)
New York State mandates that all students applying for initial certification must be fingerprinted

New York State utilizes a Statewide Vendor Managed System for capturing fingerprints. Students will need to contact the state vendor, MorphoTrust by going to their website at www.identogo.com and selecting the nearest MorphoTrust location. When scheduling your appointment with MorphoTrust, they will ask you to provide an ORI number. Your ORI number is TEACH. The current total fingerprinting fee is $99.70. Students wishing to pay by credit card must pay the fee online when booking the appointment. Only cash and bank checks will be accepted at the time of appointment. For additional information contact the Office of Student Teaching & Certification.

Certification Information
Students who receive their degree or advanced certification from Medaille are recommended for their New York State teaching certification by the Office of Student Teaching and Certification (OSTC). For certification questions, please contact Crystal Elias at the Office of Student Teaching at 716-932-2548 or crystal.a.elias@medaille.edu (see Appendix E for certification forms by degree program).

Field Experiences (Pre-Student Teaching)
http://www.medaille.edu/student-teaching
As mandated by the New York State Education Department (NYSED), all education students are required to complete pre-student teaching field experience hours. All pre-student teaching hours must be met prior to student teaching. MSED Elementary Education students must have 100 hours of field experience. They fulfill this requirement in EDU 504 and field experience hours and validation forms are submitted electronically through FEM in Live Text.
Participation / Field Experience Hours – Overview

MSED Elementary Education, grades 1-6

EDU 504
- A minimum of 20 hours must be completed while enrolled in EDU 504
- Approximately 50 hours must be in grades 1-3
- Approximately 50 hours must be in grades 4-6
- At least 51 hours must be completed in a classroom setting
- At least 15 of the 100 hours must be working with Students with Disabilities in the certification area
  - Students with Disabilities (SWD) are those that have been identified and issued an IEP, 504 Plan, or other mandated modification
- At least 15 hours must be working with English as a New Language Learners (ENL/ELL)

The pre-student teaching information will be reviewed by the EDU 504 course instructor. For information regarding pre-student teaching prior to enrollment in the course, visit [http://www.medaille.edu/student-teaching](http://www.medaille.edu/student-teaching) or contact Ms. Elias at crystal.a.elias@medaille.edu.

Student Teaching
All students in initial certification programs must complete student teaching. MSED Elementary Education students must complete a minimum of 2 student teaching placements.

If a student delays student teaching after the successful completion of coursework, he or she may be required to take additional coursework to remain current prior to the student teaching placement.

Graduate students must have a minimum 3.0 GPA to participate in student teaching and satisfactory completion of all pre-requisites.
Students who receive an unsatisfactory grade for one student teaching placement must attend “Refocus for Success” (see Appendix B) and repeat the student teaching experience. For detailed student teaching information, go to [www.medaille.edu/student-teaching](http://www.medaille.edu/student-teaching). Medaille College policy dictates that a student teacher who fails two student teaching placements is academically dismissed for a period of one year during which time the student teacher is required to complete an Improvement Plan prior to applying for readmission to the program.
Student Teacher Placement Cancellation
Confirming student teaching placements requires collaboration between the Office of Student Teaching/Certification and school boards/districts that result in time and labor costs for both entities.
Student teachers may request that their student teaching placements be cancelled and/or delayed only one time. Requests to cancel and/or delay student teaching placements beyond that will result in a cancellation fee of $120 to be paid before another student teaching application can be considered.
**For additional procedures and policies refer to the student teaching handbook.

Student Teaching Improvement Plan (IP)
The Improvement Plan (IP) was developed cooperatively by the Office of Student Teaching/Certification (OSTC) and the Division of Education (DOE) effective fall semester 2008.

The IP was developed for student teachers who were unsuccessful in two student teaching placements to participate in instructional and non-instructional activities in school districts/boards and other educational agencies. The volunteer and/or paid experiences would provide the student with additional experiences with children over one calendar year (minimum of 50 hours), thus assisting the student to be better prepared if they choose to apply for additional student teaching experiences at Medaille College.

Specific IP guidelines are enumerated below.

1. Implement an “Improvement Plan” (IP) that includes the completion of a minimum of 50 hours of instructional and non-instructional activities with children/youth in a “school” setting and in the appropriate grade levels.

2. An Improvement Plan Form must be completed for each instructional and non-instructional experience.

3. A signed letter of verification on school letterhead confirming the completed experience hours must be attached to teach IP Form.

4. After one calendar year, a student may apply for re-admission to the College and submit the improvement plan with documentation to the Office of Student Teaching/Certification (OSTC). The application for readmission must be approved by the Graduate Admissions Office and permission to participate in another student teaching experience must be granted by the OSTC.

5. A student who is granted approval as stated in #4 above must attend a “Refocus for Success” seminar prior to participating in the student teaching experiences.

A student who earns a grade of unsatisfactory (U) for three student teaching experiences will not be permitted to participate in any future experiences.
Graduation
Students must apply for graduation. MSED students must have a minimum 3.0 GPA to graduate with an education degree. Students must complete the pre-grad review form at the beginning of the semester they plan to graduate. The instructions to apply for graduation can be found at http://www.medaille.edu/current-students/registrar/forms. There is a $50 application fee. The application and fee must be submitted to the Registrar’s Office.

Conferral Dates are: December 31; May 31; June 30; August 31

Catalogs
It is important for students to read the graduate catalog for academic policies and procedures. Pay attention for deadlines (registration, drop/add, withdrawal, tuition). For additional information visit http://www.medaille.edu/academics/catalogs/.

Drop/Add/Withdrawal
If you need to drop or add a course the process must occur on the first day of classes to avoid financial penalty.

Statement on Disabilities
Any student with a disability who believes he/she needs accommodation(s) in order to complete this course should contact the Coordinator of Disability Services for confidential assistance and a determination of what accommodations are appropriate and reasonable under the Americans with Disabilities Act. The office is located in Huber Hall, Room H101, and can be reached by phone at (716) 566-3088.

Academic Integrity
Medaille’s faculty and administration expect all students to complete their academic assignments with honesty and integrity. Students who engage in any form of academic dishonesty (e.g., plagiarism, cheating on a test, forging a signature or an entire college document) will be dealt with severely, with penalties ranging from an F on a given assignment to failing a course or even academic suspension. Students should consult the Medaille College Policy Manual, Volume VI, (available online at http://www.medaille.edu/policy-handbooks Paragraph 6.2.2.5, for full details on the college’s policy and procedures for handling formal charges of academic dishonesty.

Textbook information
The DOE has a master booklist for all graduate courses.
E-MAIL
Students must use their MedailleOne e-mail account. You will receive your student teaching information, class cancellation, and important Division of Education information through your Medaille e-mail. It is the student’s responsibility to access Medaille e-mail. Students can forward information from another e-mail account to their Medaille e-mail or forward their Medaille e-mail to another account.

Turnitin
Medaille College subscribes to Turnitin plagiarism software. Your instructors may require submission of your work through Turnitin.

Campus Emergency Information and Sign up for Immediate Alert
To sign up for instant emergency alerts via e-mail, text, and phone please visit http://www.medaille.edu/current-students/public-safety/emergency-information. Please visit http://www.medaille.edu/alert to view the plan. It is important that each student is aware that in the event of an emergency the College will operate under a different set of policies and procedures than it does during normal business operations. In the event that campus is closed due to an emergency go your Blackboard course links at https://medaille.decollege.net/.

Leave of Absence
Students must contact the appropriate program director when they need a leave of absence from the program. Additional offices on campus that need notification are the registrar, financial aid, business office, and the school advisor. Students are responsible for any changes that may occur at the state level during a leave of absence. Additionally, if a student is gone from the program longer than one year he or she will need to repeat the methods courses.

Attendance
Regular attendance is expected at all classes and academic activities related to a course (for example, field work) unless otherwise specified. Medaille College subscribes to the "Guidelines on Students and Religious Observance" adopted by the Commission on Independent Colleges and Universities. Absence does not excuse a student from course work and responsibility. Excessive absence is detrimental and it will affect a student’s grade. Discontinuance of attendance does not constitute an official withdrawal.

Academic Standards
For graduate information regarding academic standards, probation, dismissal and academic fresh start policy go to page 26 in the graduate catalog at http://www.medaille.edu/academics/catalogs. If a student in the master’s programs receives 3 “F’s” or “U’s” in the same course they will be dismissed from the program for a period of one year.
Professional Dispositions

**Professional Dispositions Overview**

The Division of Education of Medaille College prepares students to enter the world of teaching Birth-12. As part of learning and preparation processes, students must understand and engage in professional behaviors that adhere to both policy and guiding principles that are required in private and public schools and community agencies. These behaviors are essential for employment and continued employment within the professional workforce. Prospective educators are expected to view and assume these professional dispositions as a crucial component of their academic training.

The Professional Dispositions aligned with Medaille College and the Division of Education provide a framework for professional behaviors. These standards for behavior will be implemented for all students for any behavior that does not comply with official standards of behavior. Professors and staff will demonstrate and work with our students to assure that they are familiar with the dispositions, understand the dispositions and are able to demonstrate these dispositions in every class and learning experience.

It is the responsibility of Medaille Division of Education students to recognize and fulfill professional habits of conduct. Their professional commitment to becoming an excellent teacher candidate or community leader must be evident through engagement, words and actions. During a student’s time at Medaille College when interacting with administrators, professors, teachers, peers and students while on all Medaille campuses and during field experiences professionalism is required. It may be requested that a students do a **Professional Disposition Remediation Student Assistance Plan.** (see Appendix M).

**Attendance**

Refocus for Success

Crystal A. Elias, Director of Student Teaching and Field Experiences

Refocus for Success is a mandatory, two day seminar for student teachers who have earned an unsatisfactory grade for one or more student teaching experiences, for students who may have experienced difficulty in a previous placement, and/or for students who have been out of the program for an extended period of time. Student teachers, who wish to continue on to another student teaching placement, must attend all required Refocus for Success sessions, satisfactorily complete all Refocus assignments, and complete a probationary contract. If a student does not successfully complete “Refocus for Success,” the student will not be assigned to another placement. The student will be academically dismissed for a period of one year and will be required to complete an Improvement Plan prior to applying for readmission to the program (see the Division of Education handbook).

Medaille College policy dictates that a student teacher who fails two student teaching placements is academically dismissed for a period of one year during which time the student teacher is required to complete an Improvement Plan prior to applying for readmission to the program (see the Division of Education Handbook). If student teaching is delayed or repeated graduation and certification will also be delayed. Students who return and fail a third placement will be academically dismissed from the program.

1. Reflected on their prior student teaching placement and begun focusing on how to improve in their next experience.
2. Expanded their repertoire of specific, concrete, and actionable techniques to improve their teaching and planning.
3. Revisited professional dispositions necessary to become a successful, practicing teacher.
